

108 - Register application with facebook

Register Application with Facebook

<https://developers.facebook.com>

<https://developers.facebook.com/>

The screenshot shows a web browser window with the address bar displaying `https://developers.facebook.com/async/registration/dialog/`. The page header is "Meta for Developers". The main heading is "Create a Meta for Developers account". On the left, there is a vertical list of steps: "Register" (marked with a green checkmark), "Verify account" (highlighted with a blue circle), "Contact info", and "About you". On the right, under the heading "Enter the Code from the SMS", there is a text input field and a "Send SMS Again" link. The text below the heading says "Let us know this mobile number belongs to you. Enter the code in the SMS s".

No apps yet

To get started, create your first app.

Create App

TypeDetails

Select an app type

The app type can't be changed after your app is created. [Learn more](#)

Business

Create or manage business assets like Pages, Events, Groups, Ads, Messenger, WhatsApp, and Instagram Graph API using the available business permissions, features and products.

☐

Consumer

Connect consumer products and permissions, like Facebook Login and Instagram Basic Display to your app.

☐

Instant Games

Create an HTML5 game hosted on Facebook.

☐

Gaming

Connect an off-platform game to Facebook Login.

☐

Workplace

Create enterprise tools for Workplace from Meta.

☐

Academic research

Connect to Facebook data and tooling to perform research on Facebook.

☐

None

Create an app with combinations of consumer and business permissions and products.

☒

Next

Add an app name
This is the app name that will show on your My Apps page and associated with your app ID. You can change the name later in Settings.

20/30

App contact email
This is the email address we'll use to contact you about your app. Make sure it is an address you check regularly. We may contact you about policies, app restrictions or recovery if your app is deleted or compromised.

Business Account - Optional
Connecting a Business Account to your app is only required for certain products and permissions. You'll be asked to connect a Business Account when you request access to those products and permissions.

By proceeding, you agree to the [Meta Platform Terms](#) and [Developer Policies](#).
